

BLACKWOOD

EDUCATIONAL LAND INSTITUTE

In 2015, Blackwood provided programs for adults and children, during the school year and throughout the summer break. Our goal was to teach students about sustainable foods systems and the connection between their actions and their environment. At Blackwood, visitors take a break from a dense, urban environment to enjoy the workings of a rural 23 acre farm. We succeeded in this goal by filling Nature Camp, offering parent/child camps, overnight School Land experiences and retreats.

We are deeply grateful to our generous supporters in helping to underwrite program scholarships and donate to our programs and operations. Thank you for your contribution that helps us spread the magic of Blackwood.

Board of Directors

- Cath Conlon, Founder & CEO
- Star Massing, Board President
- LaVerne Williams, Vice President
- Sheila Blake, Secretary
- Jeff Kaplan
- Katherine Sargent Cairoli

Staff

- Molly Schriber, Special Projects
